FROM THE LIBRARY

Children invited to attend the next 'Have You Heard' program

By **Linda Wallace**
Skiatook Library

Have You Heard?

Seven children and three adults recently enjoyed a program based on the book, "2013 A Day in the Life of Tomorrow's Kids" by Amy Zuckerman and James Daly. "Have You Heard" is our monthly K-5th program, which introduces a book, and is intended to pique the children's curiosity, giving them a desire to read the rest of the book. We learned that dogs will have human voice sensors in the future, homes

will contain housekeeping robots, and cars will drive themselves. (Actually most of these things are already in the works!) The children made a poster board model of a robot complete with nuts and bolts. We also brainstormed about what they would like their personal robots to do for them. Homework and chores were in the top two. This event included snacks of course.

Join us for our next HYH program which will be held on Thursday, Oct. 10 at 3:30 p.m.

And don't forget to try

out our newest library of the future at 11th and Denver. The Librarium is TCCL's temporary downtown location while CE is being renovated. Holds placed on items that are part of the CE collection may be delayed while we move. More details next week.
