Tulsa City/County Library customers can enjoy tons of free digital services, like eBooks, audiobooks, magazines, movies and music, anytime from anywhere.

The growing collection of bestselling, new release and classic titles are available in popular formats from OverDrive, Hoopla and CloudLibrary. Thousands of materials are accessible to read on a computer, tablet, smart phone or any web-connected device.

For Kindle users, TCCL is keeping its subscription to OverDrive so they will have the same reading experience. The best part about digital materials is there are no late fees. Once the lending period is over, titles are automatically returned.

Visit [www.tulsalibrary.org/digital-collections](http://www.tulsalibrary.org/digital-collections) and use a Tulsa City-County Library card to access these free services. Apply for a card online at [www.tulsalibrary.org/application](http://www.tulsalibrary.org/application) and get instant access to library services.

Librarians have prepared quick guides to assist with accessing digital services on various devices.
