New Tulsa City-County Library app now available

From staff reports Jul 11, 2017 0

Buy I

Tulsa City-County Library's new, free mobile app turns your smartphone or tablet into a library on the go. Convenience is key to connecting with a librarian, downloading your favorite books and music, and searching the library's catalog of services.

The modern design features a more intuitive and easy-to-read layout. Enhanced services allow

readers to checkout and download digital items from within the app, get real-time information about catalog records and access all of the library's digital content providers.

Other mobile app features allow you to:

- Apply for a library card
- Store your library card in the app for easy access
- Scan a barcode to see if the library has the item
- Access your account to see what you have checked out and instantly renew
- Quickly perform searches with shortened menu options
- Receive Recommended readings
- Place items on hold for pick-up at any library location

- Connect with other readers on library social media channels
- Find the latest library programming

As mobile access to library services increases, TCCL is continually searching for the quickest way to deliver information. With the library's app, customers have an integrated suite of cloud based applications. To download TCCL's new free app, search "Tulsa City-County Library" in the Apple or Google Play store.

For more information on the new library app or other TCCL services, call the AskUs Hotline, 918-549-7323, or visit the library's Web page, www.tulsalibrary.org.

Managing Editor Lindsey Renuard

Lindsey is the managing editor for the Skiatook Journal. She holds an M.A in English from the University of Central Oklahoma. Prior to the start of her news career in 2011, Renuard was a professor of English at the University of Central Oklahoma.
