Collinsville Library: A rich history with a lot to offer

With 9 computers for customer use, a lively teen corner, a children's bay window reading area and a meeting room that seats 75, the Collinsville Library is at the center of Collinsville living. It is a popular place for students to come after school, and a valuable resource for the residents and visitors of the city.

Collinsville Library plays a vital role in the history of what was once a little pioneer town in Indian Territory. In 1903, a group of women formed the Comedy of Errors Book Club. Their first order of business was to adopt the project of founding a library for Collinsville, Oklahoma.

The citizens of Collinsville have always loved their library. That care, concern, and love has held true since 1903 when the COE first met and made the library a priority until today when the current COE Club meets once a month to discuss the book of the month.

As well as being an integral part of the community, the library's goal is to provide the opportunity for many

happy memories for our customers and to continue the tradition started by a handful of pioneers in 1903.

The Collinsville Library is located at 1223 W Main St. For more information, call 918-549-7528 or visit www.tulsalibrary.org/collinsville.
