OU awarded \$15M medical grant

• Federal research funds allow to study and better teach in Oklahoma

OKLAHOMA CITY — A \$15 million federal grant from the National Institutes of Health will allow Oklahoma State University researchers to study and better teach in Oklahoma.

The grant, awarded to a team led by Dr. Robert M. Way, director of the Center for Health Equity Promotion, will fund a five-year study of the health and well-being of underserved populations in Oklahoma. The study will focus on the health of African American, Hispanic and Native American populations in Oklahoma.

The grant will fund a variety of research projects, including a study of the health and well-being of underserved populations in Oklahoma. The study will focus on the health of African American, Hispanic and Native American populations in Oklahoma.
