New Sperry librarian introduces himself

By David Morrison
*Manager
 Sperry Library*

DAVID MORRISON

Please allow me to take this opportunity to introduce myself to all of you. My name is David Morrison and I am the new manager of the Judy Z. Kishner Library in Sperry. It is a pleasure to have joined this team and this community. I consider myself fortunate to have been given this opportunity to manage this beautiful building and serve the loyal patrons who frequent our location.

This position offers new and exciting challenges to me, all of which I am looking forward to. Prior to coming to Sperry, my background entailed creating successful library programs for children, teens and adults. The last position I held was at the Herman and Kate Kaiser Library and I served there for six years and have worked for the Tulsa City-County Library for eleven years.

Now, I look forward to this new position, where my responsibilities will include new after-school programming for our teens and tweens, regular family story times and a host of classes that the library offers including computer classes, e-reader classes and our new Universal class-

es available for seniors and adults. I'm excited to get started with these new challenges.

I can see already that this is a fine group of people I will be working with. The staff here is second to none, and incredibly passionate about their role as stewards to this community. I'm looking forward to having an opportunity of chatting with each of you so please stop by and visit with myself or our amazing staff. Glad to be here!
