If a patron wanted to thank you by bringing you something yummy, what would you want them to

than — It is absolutely brilliant, so original, and intriguing. It has a bit of romance, humor and a little angst, but mostly it's a book about being open-minded.

Aristotle and Dante Discover the Secrets of the Universe by Benjamin Alire Saenz — This is the most beautifully written YA I have read to date. When asked, naming my "favorite book" is always difficult, but since reading this, I find myself answering without a second thought. It's

what's your favorite topic of conversation?

Favorite TV show/movie?
"Doctor Who and Sherlock are favorites, and Teen Wolf is my guilty pleasure. My all-time favorite movie is Stand by Me."
Amanda's book recommendations
Every Day by David Levi-

the characters, but it is well worth it.
The Titanic Trilogy by Gordon Korman — The tragedy of the Titanic has been captured in fiction multiple times, but this trilogy puts a Tween twist on it. The trilogy centers on a group of teens aboard the ship. Their backstories are all intriguing and it's easy to become invested in them. All three books are quick reads, but very well-written. Despite the obvious tragedy, there are a few happy bits at the end.
For the little ones, guardians of little ones, or just the young at heart, *Junie B. Jones* is always my first recommendation. She's just a riot, and all of the books are absolutely adorable.
