# Library: We're here especially to serve you

By **Michelle Beckes**  
*Branch Manager  
Skiatook Library*

You've probably heard us say many times that you are the reason we are here, but we want to reiterate that you are the driving force behind everything that we do here at the library.

If you have suggestions, please feel free to come and talk to myself or any of the staff members and we will try to find a way to improve our services.

Also, if you really enjoy a certain service that we provide, please spread the word to your friends and family because the library leadership wants to ensure that our funds are being spent on projects and services that are in demand and of use to all customers.

If something looks like it is not a good use of money, that service will be adapted in a way that will make it more effective. We are more than willing to help you learn
